Denver International Airport Arrival Information

Proceed to the baggage claim area at the airport (level 5) to retrieve your luggage. GO Alpine's pick up location is on the East side of the Terminal, Level 5, Door 511 and then Island #2 (Mountain Carrier Island). Our driver and vehicle will meet you at that location.

Be aware that the driver and vehicle can wait outside Door 511 a **maximum** of 15 minutes after the scheduled shuttle departure time. The driver is NOT allowed to leave the vehicle "unattended" and therefore cannot step into the airport. If a flight is delayed you may have to ride on the next scheduled shuttle that has available seats. Please call our office immediately.

Departure Information (if returning to DIA)

We recommend scheduling your departure from Steamboat at least six hours prior to scheduled flight departure time for domestic flights and more than six hours for those passengers with international connections. Pick-ups in Steamboat begin approximately 50 minutes prior to the scheduled shuttle departure time. Required time for check-in may change depending on airport security.

Please be ready with your luggage at the assigned pick-up time and the driver & vehicle will pull up to the front entrance/pick-up location as close to that time as possible.
